PROFILE

Designer who codes. I take a brand from the first sketch to the finished product: logo and identity, posters and social, video and motion, then the website or app it lives in. Because I design and build, nothing gets lost between the mockup and the screen. My portfolio is a 3D room I modelled in Blender and built in three.js.

EXPERIENCE

2025 — now
FREELANCE DESIGNER & DEVELOPER
Branding, visual direction and websites for small businesses and clinics, plus the automations behind them. 10+ sites delivered, including serenellasipos.ro, scai.academy and cognisphere.org.

2025 — now
PR OFFICER · Cognisphere
Visual identity, design system and website for a youth mental-health NGO; graphics and layouts for its projects, events and social channels.

2023 — now
PR OFFICER · Rotaract Cluj-Napoca
Public image and communication; full event identities, posters and social visuals for community projects.

Feb — Sep 2024
UI/UX DESIGNER & FULL-STACK DEVELOPER · Ra Network
Visual identity, design systems, wireframes and prototypes for all company platforms in Figma and Illustrator, then built them in HTML, CSS, JavaScript, React and MySQL.

Sep 2023 — Jan 2024
JUNIOR DEVELOPER · Respiro
Designed (Figma wireframes and flows) and built a mindfulness and breathwork app in React Native: Redux, timers, Lottie animation, Firebase.

2019 — 2022
VOLUNTEER · Interact Club Cluj-Napoca
Organised community events and created their posters, social posts and event identities: where my graphic design started.
